DETAILED ACTION

Rejections and/or objections necessitated by the amendments

Claim Rejections - 35 USC § 103

Claims 23 as presently amended, 25, 26, 27, 28, 29, 30, 31, 32, and newly added claims 33 and 34 are rejected under 35 U.S.C. 103(a) as being unpatentable over Akram (US patent 5,903,058) in combination with David et al. (US patent 6,130,170) and Enomoto (US patent 4,455,199) (a newly cited reference).

Akram in combination with David et al. teach the invention as claimed. **See contents of the office action dated 06/24/05.**

With respect to amended claim 23 and new claims 33 and 34, Akram in combination with David et al. teach the metal third layer comprises of copper layer, piece, or stud but fail to teach the metal third layer is compressively stressed.

Enomoto teaches adding compressive stress to a metal layer to reduce warping distortion. See the abstract of Enomoto.

It would have been obvious to one of ordinary skill in the art of making semiconductor devices to incorporate the teaching of Enomoto into the device of Akram and David et al. to obtain the above benefit.

Response to Arguments

Applicant's arguments with respect to claims 23, 25, 26, 27, 28, 29, 30, 31, 32, 33, and 34 have been considered but are moot in view of the new ground(s) of rejection.

Allowable Subject Matter

Claim 24 is allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See

MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
